ATTN: DEEPAK CHOPRA, President and CEO

Dear, Mr. Chopra,

**Re: Community Impacts of the Proposal to Eliminate Home Mail Delivery Service by
Canada Post Corporation**

Sparwood Council, at the Open Meeting held on March 17, 2014 received correspondence from the Mayor Derek R. Corrigan of the City of Burnaby regarding their concern of the impact to home mail delivery service by Canada Post Corporation.

Council of the District of Sparwood has also expressed their concern about the Community Impacts of the Proposal to Eliminate Home Mail Delivery Service by the Canada Post Corporation and would like to express opposition to the current proposal to replace home mail delivery service with community mailboxes.

A review and amendment of the Canada Post Corporation's '5-Point Action Plan' is hereby requested to be undertaken by Canada Post Corporation prior to any movement to replace home mail delivery service.

Thank you for your attention to this issue and for your serious consideration of the community impacts the elimination of home mail delivery service will have on our community.

Yours truly,

Lois Halko
Mayor
